Aircraft Engine Test Verification

This document verifies that the engine model listed below has satisfactorily completed all testing listed below in accordance with TCM standard engine testing specifications as approved by the FAA.

Engine Model

10530 B39B

Engine Serial Number 1001363

Testing Completed

Standard Acceptance Test:

Date of Completion 5-78-10 Test Operator

29769

Form No 98344

Teledyne Continental Motors, Inc.

USE ONLY FUEL CONFORMING TO ASTM D910 USE OF AUTOMOTIVE GAS IS NOT APPROVED.

Teledyne Continental Motors, Inc.

www.GenuineContinental.aero

Production Certificate 508

Printed:

06/01/2010

Test Date:

05/28/2010

This engine model 10550B39B, serial number 1002363 was manufactured by Teledyne Continental Motors in accordance with approved design data and the applicable requirements of Part 21 of the Federal Aviation Regulation. The approved design data for this engine incorporates all changes required by applicable Airworthiness Directives and Teledyne Continental Motors Service Bulletins.
